

# HILLCREST

## SCHOOL COUNCIL

**June 2018**

- **The School council would like current and up to date information from their meetings and achievements added to the school website regularly**
- **An Accomplished section within the School council website tab would be a good idea**
- **The designated person for updating the website has been informed and has agreed to do this.**
- **They like the idea of developing a newsletter every term, this is something the council members will consider next academic year**
