

HILLCREST

SCHOOL COUNCIL

BLURB

Our School Council is the Student Voice within the school. Council Members help to improve the school for themselves and their peers by listening to any issues and ideas that students have within their class groups, these are then took to the council meetings which are held half termly with Miss Gear.

We regularly liaise with Mr Phillips (Deputy Head Teacher) and Mrs Mead (Head Teacher), who gives feedback on our previous meetings and any ideas that the school's Senior Leadership Team want us to look at to improve the school are then added to our meeting agendas. The minutes of our meetings are typed up and sent out to all of our staff for them to give this feedback to all students, a copy of this is added to the school council's notice board.

Please browse through the minutes of the meetings located in this tab of our school website to see what the School Council have been up to.

We actively encourage students at Hillcrest School to contact us with any ideas or issues which can improve school life.
