14 May 2021

Dear Parent/Carer

### **Covid Roadmap**

As you know the Government have published a planned roadmap where Covid restrictions are being lifted on key dates. The next planned change is Monday 17 May 2021 when indoor venues will reopen and updates have been confirmed regarding the use of face coverings in school.

As a school we have worked really hard to protect our community with lots of measures in place to minimise risk. We have reviewed the latest government advice and as a school have decided that we are going to continue to operate as we have for the time being and review this at the next roadmap changes. This will mean that all staff and students continue to use face coverings as they have for the last few months. We feel that this helps us to protect our community for longer whilst restrictions are adjusted outside of our community.

Please note that school transport rules have not changed and students are still required to wear face coverings on transport unless medically exempt.

Hopefully by keeping our use of face coverings the same for both in school and on transport this will cause less confusion for our students.

Please ensure that your child continues to bring a suitable face covering into school. We do have spare face coverings if anyone forgets or loses theirs.

Thank you for your ongoing support.

Yours sincerely

A Mead  
Head Teacher
